Regatta
September 18, 1999

Dana Youmans and Mikey Romano paddle their way to victory in their boat Merchant's Revenge.

The Second Annual Regatta was a highlight of Family Weekend. This boat race allows students and faculty to design and build an original boat. Then the competitors must race their boat, starting at the Granville Beach, across the lake and back without sinking. The team that managed to complete these tasks was Merchant's Revenge. The Team members were Jenn Bruner, Mikey Romano, Dana Youmans, and Becky Mason. Congratulations to all of the competitors!

The librarian's attempt to cross the lake ended when they got about halfway across the lake and then sunk.

Mikey Romano, Dana Youmans, Jenn Bruner, and Becky Mason proudly display their trophy after winning the Regatta.

Family Weekend
September 17-19, 1999

After Hurricane Floyd, Family Weekend was a welcome change for the residents and faculty of St. Andrew's College. Family members came from all over to spend time with their children. Besides spending time with each other, there were also many activities to keep everyone busy the entire weekend. One exciting highlight of the weekend was the Second Annual Regatta. All in all, the weekend was fun for everyone involved.

Phil Barrineau, Mike Daley, Dana Youmans, and Mike Romano work together to make Family Weekend run a little smoother.

Parish Ravelli looks back for a pass

The 1999 Men's Soccer team had a big task in front of them as they brought twelve freshmen to mix with the seven returning players. After not making the Conference Tournament last year, the Knight's hope to make it this season. The team looks to their seniors for leadership and will miss them on next season's team.

Team Captain Katie Williams throws one in

The 1999 women's soccer team faced many challenges this season. After taking a season off, the soccer program started with an uphill struggle as they had to completely rebuild the team. With one returning player and co-captain, Natali Krvaric, the young team had to quickly grow and come together. The players bring various backgrounds coming from Sweden, England, Hawaii, Florida, New Jersey, California, and various other places.

The season proved to be a rocky one, but because of the teams desire to win, quick learning, and ability to work on and off the field they have started to pave the way for future success. Although the losses came often, the players have learned what it means to play for the love of the game. They realized that the terms "commitment" and "together" meant everything this season in order for them to push on.

Look out in the following seasons, because this young team will be looking for sweet revenge.

The Lady Knights' Vollyball Team had a difficult season. After losing several key players from last season, the team was low in numbers and short in height. For what the team was lacking, they made up for with their fight and attitude. Despite the difficult season, the Knights showed some incredible performances against some teams twice their size. The abilities that this young team showed throughout the season provides a great building block for the years to come. The Knights are also looking forward to the return of several players that were injured most of the season. They should come in the next year and immediatly provide leadership and talent to the young squad.

The 1999-2000 *Lamp and Shield* had an important job this year to bring you the first year book of the new millennium. We, as students, have seen many changes over the past years. In our own short time we have seen lifestyles, society, entertainment, technology, and our own personal freedoms change. The American favorite hamburgers and French fries have changed to a more health conscious diet. Leisure suits have been replaced by blue jeans. Michael Jackson and "The New Kids on the Block" no longer inhabit music shelves but names like "Back Street Boys" and "Dave Matthews Band" have moved in. Even sporting events have a new look, in 1978 a law was passed to allow girls to play on High School boy's sport teams, we have gone a step forward in June of 1997, the first game of the WNBA was played. Remember watching TV shows like "Alf". Now we have TV shows like "Party of Five" and "Friends". The ever so faithful postman's routes have gotten shorter with the new wave of e-mail. Library books have gotten dusty with the

convenience of the internet. Environmental groups have made recycling a priority in American homes. We have seen good Presidents and not so good Presidents. Overall we have changed ourselves, we now can make our own choices and create our own ideas. We have the freedom to act on these choices and ideas.

The Yearbook staff hopes that you will enjoy our hard work and dedication.

Amy,

Through patience and perseverance evolves a charisma that paves your pathways. May you keep the same determination, enthusiasm, and zest for life that have brought you this far. In love and unspeakable joy and pride, Mom

Jon: Your parents and family want to take this fabulous occasion to tell you how much we love you and how much we admire you for the things that you have accomplished with your life so far. We are enormously proud of you.

You have called upon your great strength of character, unique talents and personality and above all your unrelenting tenacity and perserverance to overcome extraordinary adversity.

Take time to savor this moment and recognize that your degree shows what you are capable of accomplishing.

Now gather your strength and focus your energies on the next phase of your life. We look forward with great anticipation for your next accomplishments, whatever they are. May they be rewarding to you and bring you as great a joy as we get in watching you achieve them.

Jenna Hamilton

With a creative flair you strive to set the pace
You question why the world is not a better place
Your energy and enthusiasm push you to be all you can
You now have the tools to teach your fellow man

Jenna, you will make a difference and the world is a better place

Your family loves you and is so proud of you

Amanda,Mander,Pumpkin-Pie,Squirrel, etc....It all started on May 23,1978 @ 9:46 P.M...your journey! How many times you must have felt like quitting: BUT YOU DIDN'T. Bill & I are so very proud of you and wish you much success as you travel the road of life. Trust God for everything you are and expect to be in the future. Most of all FOLLOW YOUR DREAMS!! We will ALWAYS LOVE YOU, NO MATTER WHAT!!! Love Mom & Bill

Amanda:
We are quite proud of you!!
We congratulate you on the progress you have made and wish you continued success in the future.
We Love You – Paw-Paw & Maw-Maw McMillian

HOORAY, DOUG!

Your children are not your children.

They are the sons and daughters of Life's longing for itself.

They come through you but not from you,

And though they are with you, yet they belong not to you.

You may give them your love but not your thoughts.

For they have their own thoughts.

You may house their bodies but not their souls,

For their souls dwell in the house of tomorrow, which you cannot visit, not even in your dreams.

Shelby and Lorrie,
Thank you for the many years of devotion to St. Andrews. We will miss you.

"From ribbons and lace to the "farily" mature young woman you have always warmed our hearts and made us proud. We wish you happiness and success in whichever field you choose. Keep your eyes and your mind open and you will do great. Love ya, Mom, Dave, Granny, Grandpa, and Garrett

The Lamp and Shield Staff would like to acknowledge the following people for their help on this never ending project:

Rooney Coffman - Thank you for taking such wonderful pictures.
Ann Kurtzman - Thank you for being our main supporter.
Christi Farina - This would not be possible without an advisor.
Computer Services- Thank you for your technical support.
Doreen Valderas - Thank you for the many hours spent in the dark room.
Wini Gay- Thank you for our handy office.
Bussiness Office- Thank you for the finical assistance.
Debbie Smith- Thank for your time.
Parents- Thank you for making this so creative.
Students- Thank you for sending all the pictures.

Last but not least the editors would like to thank the staff for all their hard work and effort.

"Another turning point, a fork stuck in the road. Time grabs you by the wrist, directs you where to go. So make the best of this task and don't ask why. It's not the question, but a lesson learned in time, it is something unpredictable but in the end it is right. I hope you had the time of your life. So take the photographs and the still frames in your mind, hang it on a shelf, and take it off in good time. Tattoos of memories and dead skin on trial. For what it is worth, it was worth all the while."
